CAREER OBJECTIVE

Motivated and passionate Computer Science student specializing in Artificial Intelligence and Machine Learning, seeking opportunities in Web Development, Full Stack Development, and Generative AI. Interested in building modern, user-friendly, and intelligent applications while continuously improving technical and problem-solving skills in a professional environment.

EDUCATION

B.Tech in Computer Science(Artificial Intelligence & Machine Learning), 2023 – 2027
Bharat Institute of Engineering and Technology

Inter, *SR Junior College* 2021 – 2023

SSC, *SR Digi School* 2021

TECHNICAL SKILLS

Languages

- Python
- C
- JavaScript

Backend Technologies

- Flask
- FastAPI

AI & Data Science

- Generative AI Fundamentals
- Pandas
- Numpy

Web Development

- HTML
- CSS
- Javascript
- React

Database

SQL

LEADERSHIP

Team Member

- Worked on academic and technical projects with structured planning and collaborative problem-solving.
- Continuously improving technical knowledge through self-learning, project development, and practical implementation.

PROJECTS

CIRC – Conversational Image Recognition Chatbot

- Developed an AI-based web application that allows users to upload images and interact through conversational AI queries.
- Integrated Gemini API for image understanding and real-time AI-generated responses.
- Built a chatbot-style interface using Flask, HTML, CSS, and JavaScript for interactive user communication.
- Used MongoDB for securely storing user interaction data and application information.

Personal Finance Tracker

- Built a full-stack web application to manage income, expenses, and savings efficiently.
- Implemented secure user authentication using JWT Authentication and FastAPI backend services.
- Developed dashboard analytics for monthly reports, balance calculations, and transaction history tracking.
- Designed a responsive user interface with React and integrated APIs using Axios.

CERTIFICATES

- Python Certification –Microsoft

VIRTUAL INTERNSHIP

Artificial Intelligence, *eduexpose*

- Successfully completed a internship in Artificial Intelligence through the eduexpose platform.
- Improved understanding of AI technologies and real-world implementation.
